

# LY Series Solar Street Light

Photo	Power	Lamp size	Monosilicon
	60W	490*235*70	Solar panel: Monosilicon (6V/10W) LED: SMD5730 (240pcs) Waterproof grade: IP65 Battery: 3.2 V / 10000 ma Charging time: 6-7h Lighting time: 12-15h Function: light control + infrared induction (full bright for some, half bright for none)+Time Control
	120W	650*265*70	Solar panel: Monosilicon (6V/20W) LED: SMD5730 (600pcs) Waterproof grade: IP65 Battery: 3.2 V / 15000 ma Charging time: 6-7h Lighting time: 12-15h Function: light control + infrared induction (full bright for some, half bright for none)+Time Control
	180W	775*290*70	Solar panel: Monosilicon(6V/30W) LED: SMD5730(720pcs)/ Waterproof grade: IP65 Battery: 3.2 V / 20000 ma Charging time: 6-7h Lighting time: 12-15h Function: light control + infrared induction (full bright for some, half bright for none)+Time Control
