

PIR MOTION SENSOR DOORBELL

Model no :. 708 DC

Products Features :

1. Motion Sensor doorbell , motion sensor alarm ,security doorbell ;
2. Detect range : about 5M ,120degree ;
3. With Led indication light ;
4. 4 grade Volume adjusting ;
5. Remoting distance up to 180 M ;
6. one receiver can pair with 8 transmitters , one transmitter can pair many receivers ,no limited.
7. Auto Learning code, easy to DIY but no interference

Specifications:

1. Outdoor operated by 3pcs AAA battery and with USB charging port;
2. Receiver is a chime ,which operated by 3pcs AA battery or plug in .
3. Power Consumption of Transmitter : < 10mW
4. Receiver power consumption :< 0.4W
5. Working Temperature: -20°C~50°C
6. Frequency: 433.92 MHz

CE RoHS FC
